Hey.

I'm selling Duolingo premium accounts, as I've acquired a bunch of them lately, again. Price is 5\$ for a single account. We can discuss discounts for bulk purchases.

Each of these accounts contains million of crowns,etc:

- 1 year Duolingo premium account
- You can change email id after receiving the account so it will be permanently yours.

If you have any questions, require assistance, or need support then you can contact me with the following:

Telegram: @enciphered

Hit me up with any questions.

Price- 5\$ BTC/ETH?
