Thread: [\[WHITEHAT\]](#) [\[SEMI AUTOPILOT\]](#) [MONEY MACHINE GUIDE \[5 MIN SETUP\]](#) [\[NEWBIE FRIENDLY\]](#)

AYMG - June 2, 2020, 8:35 pm

I wanted to release this a long time ago, I'm not sure why I didn't.
Now, it's here.

I'm presenting you the Money Machine Guide.

Important features:

- [-]Whitehat - there are no risks involved, everything is legal.
- [-]Semi autopilot - Your actions take less than an hour daily.
- [-]Simple setup - takes less than 5 minutes.
- [-]Optional investments - they will save you some time but they are not really needed.
- [-]No skills required - anyone with basic knowledge of the English language can do this.
- [-]No country lock - you can do this anywhere in the world.
- [-]Unsaturated - a unique guide.
- [-]Unlimited scaling - there are no limits when it comes to making money.
- [-]Many payment methods - PayPal, CashApp, Venmo, Wire Transfer, Western Union...
- [-]24/7 support - I'm active a lot and always ready to help.

This is not: Dropshipping, E-whoring, Selling, Reselling, Hacking, Cracking, Social Media Boosting, Hosting Services, etc. It's unique.

Price = \$80

To prevent saturation there will be a limited amount of copies. I'm still deciding how many.
I'll be fair and I won't increase the price with each copy sold.
Please note that this is hard to be saturated.
The price will increase with each 25th copy sold.

Here's my review:

After reading the guide I can assure you this is a very unique method. I haven't really heard it before, and I like that about it. I will have to stay the method may require more than 10 minutes a day, but the more work you put in, the better off you are. Overall this method is quality, and it will make you good money depending on how much work you put in. I will give the method a full thorough try and I will leave my results here! Excited about this book, and I will keep you all updated with earnings!

Ahha, good to see an ebook from you AYM. Although, I'd rather prefer to see a vouch with earning proofs. The one who posted the review about the ebook just described it to be best as usual. I'd love to see him updating his post once he starts earning and just to add, how long does it take to make first money?

GLWS although, buddy!

I hope to see the update too, people are interested in this.

There's no fixed amount of hours you need to work daily, or a fixed amount you can earn, there are no minimal or maximal earning limits. It all depends on you and your engagement. First money can be earned the same day with a little bit of luck and good engagement.

I'll pass for now

5 minute setup is stated as "important" because most E-books, methods, guides require hard setup and some sort of knowledge/experience and many buyers just give up on the start.

Setup is just the first step. It's stated it's semi auto pilot since you'll have to work and that work requires minimalistic and simplest tasks ever.

If you're interested feel free to contact me and I'll answer any of your questions.

I purchased this product and several other ebooks to see what they're about. I DO NOT recommend this product. MAYBE worth \$10 but even then it's a stretch.

This is a very public method with a slight twist to it but not enough of a twist to justify the price in my opinion. Although the seller provides a twist, he does not go into enough detail for you to be successful. There are a lot of challenges you will have setting up this method that you'll have to

figure out on your own as the seller does not provide detailed instructions - the ebook is short and very general. It is not as easy to set up as it sounds and will take much more than 5 minutes if you actually want to be successful.

I do not think most people will be able to earn with this method and my impression is that the author has not actually tried it himself given he does not post any payment proofs or share any screenshots of the process in the eBook. Perhaps if he had tried it he'd realize how much important detail is eBook is lacking.

Thanks for the review.

In less than 3 minutes after sending it to you, you said you're unhappy. There's no way you could read and understand it all.

Nice try but reviews like this I don't consider serious at all.

Also, you're avoiding and refusing my support in Convo and instead you came right here to sale trash.

Edit:

So let's see.

In less than 3 minutes you were already unhappy.

The PDF file is hosted on anonfiles[WARNING POSSIBLY INFECTED].

Opening an anonfile link and clicking anywhere will open a new add tab. For it to load and to close it takes about 5 seconds, let's add another 2 seconds once because you had to enter the link and you probably didn't enter right when I sent it. So it's about 7 seconds.

PDF file is small, download is instant but you still had to click on it and wait like 1 second, considering opening it takes about 1 second. That's 2 seconds.

Less than 3 minutes and you already spent 9 seconds without reading it.
Let's say you did it in exactly 3 minutes.

Where are the other 2 minutes and 51 seconds?

The guide is made of 743 words which you can easily check on <https://hackforums.net/tools.php?action=charactercounter>

Using <https://wordstotime.com/> it says the estimated reading time of 743 words is:

- slow reading speed takes 7.4 minutes (reading 100 words per minute)
- average reading speed takes 5.7 minutes (reading 130 words per minute)
- fast reading speed takes 4.6 minutes (reading 160 words per minute)

And don't forget the time that took you to come to HF and write me a message of 5 words how you're unhappy. That's about 5 seconds.

So in less than 3 minutes, you're pretending you did something that would require at least 4 minutes and 48 seconds considering you're reading really fast.

You're saying lacks it details but you obviously don't care since you don't ask about them.

So, do I need to explain anything else?
Once again, nice try.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
