dbandz1000 - June 3, 2020, 12:49 pm

Hello guys! I am selling a method I discovered recently that is unsaturated and generates me much traffic and helps me get a lot of sales! Please let me know if you're interested! \$60 for first five buyers, everyone else \$75.

Received a copy of this and it can definitely increase your traffic if you are consistent and have some free time to donate to this, nice method. Add your price to your sales thread too.

I think people need ALOT more information on this method. Esp at the price you're suggesting. after being in the snapchat industry for the last 4 years and making a living off it 1000 adds a day is not only unheard of esp in todays market but would easily generate 10k+ a month in the right hands. Would love to see the method for myself.
