Not a script.

Legit method.

You have to do it manually.

Disclaimer:

This method is 100% dependent on luck, but I have profited and the one person I told this method to also profited.

what he said about it - <http://prntscr.com/stabhe>

My profits over my three accounts since I used this method:

<http://prntscr.com/staby0>

<http://prntscr.com/stac18>

<http://prntscr.com/stac3r>

You can see on the graphs if you go look at the accounts, I usually end up getting too greedy/unlucky. But if you strictly follow the method I tell you, you will have a nice shot at profiting.

Price: \$30 btc or cashapp.

OR buyin to Gamblers for \$75 for life and receive the method for free.

TOS:

You won't leak the method

You won't bitch if you lose all your money

No refunds

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Can you give me more detail as to how a method can be 100% dependent on luck?

It's gambling.

That's how.
