Thread: [\[SOURCE CODE\] ACCOUNT WEBSITE W/ LIVE CHECKERS | START YOUR OWN HQ SERVICE](#)

QRK_ - June 5, 2020, 9:17 am

Ever wanted to start your own account selling website with automatic replacements that give your customers accounts that are always working and on an automated way? Seek no more, this is exactly what we're selling here.

Your users will pay a monthly subscription to use the service.

There are 3 different ones:

\$1 - One month of 1 type of account

\$3 - One month of 3 types of accounts

\$5 - One month of all types of accounts

During their subscription, they get an account. When that account stops working, they can request a new one. The live checker will then check the current account they have access to and, if it still works, it won't change it. If it indeed stopped working, it will check the rest of the stock on the database and check those accounts, when it finds a working one, it will be delivered to the customer, on a 100% automated way.

How much money is the website generating?

How do I get the accounts to sell?

PM me with more details about this.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
