Thread: [The Purge - what do you do?](#)

Aklimczak522 - June 5, 2020, 9:19 pm

No laws for a day once a year. What do you do? I hide my ass off personally.

Demoralise - June 5, 2020, 9:25 pm

I would probably kill all the people I hate

Accord - June 5, 2020, 9:27 pm

If it happen i gotta go to those people who bully me.

Megatron - June 5, 2020, 9:29 pm

I would hide. I'm not sure where I would hide, but I would hide nonetheless. I'm not equipped to survive in an all out firefight.

MarvinMalware - June 5, 2020, 9:37 pm

I want to say I'd go do something badass but I mean I'd probably just be trying to find the safest way to survive the night.

I just picture your avatar going out and crushing skulls ?. Didn't you say you had a survival kit?

Oh fuck yes I would love to say I'd be out there enjoying myself, I feel as though I'd feel to guilty not being with and protecting my family at all costs though. Remove that aspect and well I'm not really sure lmao.

I can't even necessarily imagine what I would want to do ?, lots of free things is where I would start for sure though.

If they're able to bully you I doubt you'll be able to kill them.

Surely some tools could help him.

bluud - June 5, 2020, 10:40 pm

If the purge existed I would likely invest heavily into security/a bunker. Wouldn't want to be a part of that.

To be safe I would rather keep my ass hiding but if by chance I need to depend myself then let it be ???

I'll build my house as an anti-purge safehouse and stay at home.

And if someone breaks in they get ??. In some way.

Exalted - June 6, 2020, 2:32 am

I'll be in an bunker to prevent people from killing me because of my 'racist' dark sense of humor.

What if you going to get out of that bunker and a bomb was place on top of it and just blow when you open your bunker?

It just came to my mind lol

Who says anyone will find my bunker in the first place ?
That would suck, but I would have multiple exit points, of course.

hahaha that would be great then bro hoping they will never find that bunker nor put the bomb on where you were going out lol

Peace brother...my mind is just working a little fast and thinks of the possible things to happen :)

Simplex - June 6, 2020, 5:39 am

Me and my roommates would probably just barricade off the entry points then just hang out playing mario party 2 in the basement till this is all over.

faxxgrid - June 6, 2020, 5:49 am

I will go out and definitely fight it out with my foes. It will be a day they will not wish to remember I will give them hell.

hayesh - June 6, 2020, 6:00 am

I would go after my stepmother.I dont have anything to hide for not many people hate me

MightyOne - June 6, 2020, 6:03 am

I wouldn't have anyone to kill or hurt really.
Mabye find a smoking hot babe and fuck here - but unsure about this one.

shakur123 - June 6, 2020, 8:32 am

I will hide but be ready to fight if its necessary; its the best decision

Ivex - June 6, 2020, 8:35 am

Break tiny, meaningless funny laws such as watching pirated movies.

some-dude - June 6, 2020, 10:53 am

scary that s**t really is

Zeus - June 7, 2020, 8:59 am

HAHAHAHA i would go run man down gang land!

Vibe - June 7, 2020, 11:42 am

Onward to the federal reserve!

Mikeeey69 - June 8, 2020, 6:26 am

Attempt to kill all my enemies, if that doesn't work then drive really far out in the open so I know who's coming while armed with a few boys who are also armed
But I'll probably be dead by the time I get to that drive

(Jun 7, 2020 08:57 AM)Nath Wrote: [\[CITE\]](#) I'm straight on a plane outta the country.
What if the airport is shut?

Wespa - June 8, 2020, 9:26 am

Do some sort of blackhat activities on the internet while being safe at my house.

Nate - June 8, 2020, 11:25 am

I'd probably hide out too, I don't have any beefs i need to act on, and even if i did its not worth the risk of me getting killed on the way (especially if u gte like captured and tortured)

I'd just hide out somewhere w some guns or some of my friends but make sure they don't do some dumb shit.

hyperionthegod - June 8, 2020, 11:29 am

Probably find a rich guy that wants to pay me for being his security. I'd maybe organize a way to raid

some kingpin here with my friends

DeITex - June 8, 2020, 3:08 pm

I'd hide. I don't agree with the idea of motiveless violence.

Besides, if someone did something to me I'd want to see them suffer long term. Death is too sweet of a relief for someone who had the, arguably, evil motive to "swing first", so to speak.

If someone came to kill/harm me or the people I care about though, without hesitation I'd do my best to either subdue them or, if it came to it, add them to the overall death tole.

funtela - June 8, 2020, 3:12 pm

Probably find the nearest bank and try to fight off the robbers and rob it myself. Then bunker down and hide it out.

Neon™ - June 8, 2020, 3:14 pm

I'd definitely go out but I don't agree about the fighting part, I mean it depends on the location where you are. I think I'll just go to the nearest dock and steal a nice boat and have some fun lol.
