Thread: [Who is the greatest rapper of all time? \(personally Drake\)](#)

Robert Smith - June 6, 2020, 3:08 am

I personally think drake is the greatest rapper of all time. He is the most versatile rapper and he has been around for god only know how long. Who do ya'll think is the greatest rapper of all time?

My top 3
Drake
Biggie
XXX

Bacardi Cola Lime - June 6, 2020, 3:30 am

Am I being cheese by saying my personal favorite of all time is Eminem?

Haha, same for me, Eminem, rap god ;)

In my opinion is Eminem the best. His lyrical and technical skill is unmatched, not just in speed but in his vocabulary, the depth of what he's saying and his ability to rhyme so many words.

Naaah I respect that

He is just too lyrical for me. I try vibe and sing along songs I just can't do that with Eminem. He definitely has some fire tracks tho

He's rapped about almost everything. I love his old tracks for the most part but he started killing again with his latest releases.

Quire - June 6, 2020, 3:55 am

He's not maybe the greatest but 21 savage is my personal favorite rapper.

I remember going to school with my mp3 player listening to "Ass Like That". I was sharing my find with everyone.

Tupac is by far the best rapper in my own eyes.

Eminem, (One of my personal favorite rappers) even said he was the best song writer of all time.

Ooh of course I do, I prefer the older music of his. Some of the songs people usually hear first due to popularity as well as a few personal favorites are,

- Dysfunctional
- Riot makes
- So Dope
- Imma Tell
- Caribou Lou

Those should open up a variety of recommendations on YouTube or such if you do happen to like his music, Enjoy!?

You probably never listened to TDE (kendrick Lamar, Schoolboy Q, Ab-Soul) or J Cole.

Megatron - June 6, 2020, 6:52 am

I think Eminem is great (probably the best), but Lil Wayne is pretty underrated by most. I also think Fifty Cent is in the top percentage of rappers.

James Burnham - June 6, 2020, 6:55 am

Tech N9ne is the most skillful. Even Eminem is below him.

AYMG - June 6, 2020, 6:55 am

I forgot about Tech N9ne. Years ago I used to listen to him frequently, does he have any new stuff these days?

SpookyD - June 6, 2020, 12:30 pm

Hands down 2pac.

Eminem is a close second.

Third would be DRE if i account the productions he gave to the rap world.

Biggie / Naz / JayZ - all in a good place after.

The Game - is the only "new school" which i grasp as the real deal.

Yeah Juice Wrld is fire he was definitely one the most talented rappers out there. His freestyles were crazy. It's unfortunate what happened to him

Neon™ - June 6, 2020, 5:09 pm

For me personally it's NAS and no one else.
