This dude is a scammer, do not trust him. He scammed me for a total of \$150 + 50 for his " proxies
". Promises something then goes silent. He told me he is selling his method of jacking, which seems
pretty believable from the number of screenshots he has. Just so you know, the screenshots aren't
his. This guy talks with a NA dialect yet the screenshots show a carrier from the UK.

Nvm, he is nothing but a scammer. I talked to 3 other people who tried doing business with this guy. He isn't legit.
