I see that Trump Bear commercial a lot. Not sure if anyone buys it. This one isn't weird, but I love that they throw shade in this Snickers commercial.

The Trumpy Bear is up there with the weirdest. It's such a random product, and the people who buy it look so happy lmao.

A girl giving a guy a head because he had a durito on his dick.

I can't name one, but the most Japanese / Chinese (can't read the difference) commercials are extremely weird and often sexualised in some weird way.

The used panty-sniffing machine

The automatic gun out of some women's panties

Flying banana's with faces.. stuff like that.

Bacardi Cola Lime - June 7, 2020, 3:17 am

I always thought of Old Spice commercials being creepy and weird.

Japan seems sexualized, yet they still have to deal with low birth rate, weird

Major group of the popularity is male, a highly-stressed or pressured environment when it comes to etiquettes, rules, work, sex and more.

Then the expensive things. Like apartments are only for the 'rich' as most (coffin rooms) are expensive to even start with.

I think it make a lot of sense why they sexualise their commercials and 'anime' just for the thrill of it, without the baby booming.

Sanchochi - June 7, 2020, 3:34 am

Man, why are there so many weird commercials with borito

SIM-3587630 - June 7, 2020, 3:40 am
