He should invite me to the group just to screenshot my profile wearing the userbar solely to send to Lavish to troll him lol.

Think that'd be a pretty good one. [Zero](#) I'm serious lol, would be all in good fun.

I would like to vouch for this statement.

[mention=3583467] is indeed the most trusted user in the group, if not the only trusted user in the group. ?

Maybe he's the type of person who goes through hobby addictions and is currently delving into one of his other hobbies atm, who knows.

All I do know is that he is a gambling addict so it could be related to that, but again who knows, only he would really.

It was something of right around \$4,000 USD correct?

Or was the \$4k just for the pink stars alone?

-You all forget about [Sticky Bot](#) which is sad!

-Don't worry about his gambling. He's gambling without using HF just fine lol
He wanted to free some time and invest it in his life for a short time.

-Not sure about the exact number but just the font and blue shadow cost him about the price of a white username group.

Not something special in particular.

Group is very friendly and very active. You can ask whatever you know and if someone is familiar with the subject they will help.

We've got lots of users who're expert in many different subjects.

Oh similar to OP8 great !

I don't see any recruitment being open anytime soon.

And no, you don't have to be a gambler (Although a lot of us do gamble).

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
