Thread: [What is your favorite music genre?](#)

Aklimczak522 - June 7, 2020, 2:15 am

I like rock and alternative metal, bands like guns and roses and linkin park as example. But I am open to every music genre.

faxxgrid - June 7, 2020, 2:18 am

Anyway I am open to every music genre but I am a fan of Jazz

flavoral - June 7, 2020, 2:24 am

The fuck when house music or even EDM isn't even an option and have to choose "others"

Article is from 2016, so you are right probably, thought not much changed in this time. My fault, you have to choose other unfortunately :D

Bastille - June 7, 2020, 2:30 am

You should have to add more options, such as electro, etc ... I think

Happy to see other people still listening rock, the gold age of it was incredible

article is from 2016, but the image name is breadown_2015 so i my guess it's breaking downs the genres from 2015

Sanhovchi - June 7, 2020, 3:01 am

I loove listening to ghostemane.

I also enjoy listening to russian rap like "Black" or "???????"

Quire - June 7, 2020, 3:06 am

Depends on my mood but hip-hop is my all time favorite. :)

Bacardi Cola Lime - June 7, 2020, 3:09 am

My all-time go to is rap and hip hop. Cant go wrong with these. I listen to a lot of rock as well. All other genres come and go. Right now I'm into some good drum n bass.

MarvinMalware - June 7, 2020, 5:00 am

Any type of rap really, I'm a fan of most music I listen rock as well sometimes.

Lorem Ipsum - June 7, 2020, 5:03 am

Linkin park and the 'softer' rock is nice to listen too.

I however prefer some EDM, HipHop or anything with a nice beat in it, really. Don't got '1 genre' as favourite.

Demoralise - June 7, 2020, 5:04 am

Rock and Kpop would be my favourite genres

Ivex - June 7, 2020, 5:53 am

I suppose it would be indie but I spent years of my life taking the piss out of the indie boys because they're usually so cringe and narcissistic. So let's just say rock - lots of 'indie' music comes under that. I also love 80s pop.

Megatron - June 7, 2020, 6:59 am

I like rap and pop, but my favorite genre is probably party music like the Trap Nation remixes and stuff.

shakur123 - June 7, 2020, 7:04 am

I really like british rock, Richard Ashcroft, The Verve, Oasis, Radiohead.

Rock/metal by your poll, for sure. I was all about punk, pop punk, emo, hardcore, etc. growing up. Alternative rock, through and through. The classics like Ramones, The Clash, Misfits, Black Flag, Bad Religion, Dead Kennedys. And then the 90s scene especially- Green Day, Blink-182, Senses Fail, Taking Back Sunday, Hawthorne Heights, etc. Perhaps my favorite band of all time, though, is The Offspring.

I do enjoy classic rock, though. Guns n' Roses, Pink Floyd, Tom Petty, etc.

What I don't like, though, is metal. I never got into it, and just don't enjoy it.

DrDoof - June 7, 2020, 7:51 am

Rock, DnB and other niche electro genres are what I usually listen to, and some classical or indie as well depending on the mood, but rock or DnB would be my favorite

Vibe - June 7, 2020, 7:54 am

Hip hop and rap are my favorites to listen to

R?R - June 7, 2020, 7:56 am

Hip Hop/Rap are my favorite genres to listen to because of how competitive the industry is. A lot of other genres, artists will release 1 maybe 2 albums a year and that's all the music you have to consume, whereas hip hop or rap, they'll let out a Mixtape into an EP, into a few singles, into another mixtape, into an album and they might just drop 3 albums a year. I love the simplicity and how you can take the same 808's and baselines, the same loops and somehow make it sound brand new. I love the idea of remixing a song and it becoming bigger and better than the original.

SIM-76756743 - June 7, 2020, 7:57 am

Retrowave, synthwave, lo fi chill hop, oldies.

???????????? - June 7, 2020, 10:38 am

Probably some euphoric Dubstep or Female Vocal Dubstep. Calms me down :)

Exalted - June 7, 2020, 11:21 am

So many choices, I guess I would say early 90s EDM or maybe German hard rock.

MightyOne - June 7, 2020, 11:28 am

I don't have a favorite genre, it really depends on the mood I am in.

I listen to all sorts of music genres, from rock to metal to country to pop to literally all :)

Swedish Delight - June 7, 2020, 11:31 am

My tastes are a bit strict, I really love classic rock and rock in general, but my favorite ones are for some reason mostly Gospel Rock, I stumbled upon it by accident, I didn't even notice it was religious. But I really did enjoy the general outline their lyrics follows.

Velma - June 7, 2020, 11:33 am

My top 3 is Rap, EDM and hip hop.

Xtreme™ - June 7, 2020, 11:33 am

I am basically open to all genres of music but that totally depends on my mood!
But these days I totally am digging for "The Weeknd" and that is why the DP ??
Every song is incredible and all have layers of depths to them.
XO?XO?
