Going to be adding that to the Lottery soon as well.

Keep your eyes out for either the listing in the lottery itself or the thread I'm going to post here in this section.

Yeah the total will most likely be quite up there once it's all said and done I'm assuming.

It's going to be a big lottery! Nice!

Lorem Ipsum - June 9, 2020, 1:06 am

You should host your golden egg!

If I recall right, the last egg went for 500 bytes each ticket.

Oh believe me I will be lol.

I'm most likely going to set the ticket price at around 25 per ticket though, gives a ton of people a chance to win it and those who want to spend a ton of Bytes they still can, they just gotta buy more tickets. Simple really.

What do you think about 25 per ticket, unlimited amount per member, and one weeks time? Or should I do less time like 3 days?

I would either do it;

- 3 days - 25 bytes ticket - 1000 max tickets

- 7 days (working bees among us) - 25-50 bytes ticket - 99999 max tickets

It's going to definitely be for one weeks time and unlimited entries.

Now I just need to decide if I want the ticket cost to be 25 or 50 Bytes lol. ???

When are you planning to put the gold on the lottery?

50bytes a ticket would be a steal dude!

Everyone would get a chance to enter!

I'll be adding it to the Lottery today. :)

Also you don't think 50 Bytes is too much for members with not that much?

I was just thinking that 25 bytes per would allow basically anyone to enter.

Its a gold dude! has to go for 50 bytes at least IMO!

I guess 10-12 posts are enough to get the 50bytes which everyone possibly can do lol

I have people telling me to do it for 50 Bytes and then I have people telling me I should do it for 100 Bytes lol...

Ugh this is hard.

50bytes is a good amount! I feel many would enter

100bytes would be too much for some members and won't even bother!

The rest is up to you! ?

50 is starting to seem like the golden number. ?

There is no such thing as "unlimited entried" my man.

Make it 25 so members who only post in the daily check-in thread can participate as well.

The other golden egg lotteries were 500 bytes and members still bought tickets, so regardless of your choice it will be a huge hit if promoted right :-)

I'll be adding it to the Lottery as soon as I decide how many Bytes per ticket I want it to be.

I think I'm going to go with 50 Bytes per ticket, unlimited tickets, set to end in one weeks time.

That would be great...I guess more will be coming out to try their luck to get that golden egg on the lottery.

Hoping someday in the coming days...I would managed to get a golden egg on my account :)

I honestly never thought I'd have it, so the fact that I do now is too cool man.

I really want to hatch it and use it to get kills toward the HUM award, however I'm told even with the Gold egg I'd get like 10 kills max before it dies or gets killed.

You are one of the lucky guy to have a golden egg on the account...I wish I could be the next one to have it on my account

Have you been in the battle even for once? Hoping to see you on the battle one of this days :)

I actually had all 4 eggs on my account at once just from posting before I put the Sapphire egg in the lotto.

And nope, I've never even hatched a single green egg lmao.

For some reason it's the one HF game that I haven't tried yet, and I'm addicted to the Byte games..
One day I will. You'd think it'd be with this Gold egg too but I'd rather start off with something like a green or red so if I fuck up somewhere along the way it won't really matter lol.

Green or Red eggs stacked up with eggs can bring great damage to those hum with lower level. You can have some 2-3 kills out of the daily if being used properly :)

Then yeah no way am I hatching this Gold egg lol, I'll just use the loads of greens and reds I get.

If you want to get to kill more faster than anyone else then you can use that golden egg but if you can have ruby and green full stacked of eggs then it will also be great but it will take some time to get on the HUM award. :)

Eh, I don't mind the grinding that much, I play the Hack Game on a daily basis so really I enjoy the grind so getting to the 50 kills won't bother me.

Plus I was told by someone in the #1 spot on the HUM leaderboards that if I hatched it that everyone would want to attack it solely because it was a gold egg and that I'd get around 10 kills max with it.

Oh yeah you'll eventually see me in there for sure.

Is there a way for you to tell which colored egg it was that I hatch?

For instance if I hatched my Ruby egg right now, could you see that it's a Ruby egg that was

hatched from your end?

Great so you take some more of your time on the battle in the coming days.

Most RATR hum comes out of a ruby egg and the rest from the green ones :)

Blue one can take out 3-4 weak hums when hatched so it will be more likely to have them on board for battle.

Right but are you able to see what color egg I used to hatch my HUM?

Like is that an option on your end in the game?

Say I hatch a green egg right now and it's then on the Battle page. Can you see that it was a green egg that produced that HUM?

You can differentiate them from the other eggs.

A green egg produces lower stats when hatched unlike ruby it's much better like 22HP while the blue ones when hatched gives you 100+HP instantly.

Ahhh okay I gotcha now, that's much more understandable and makes sense.

I'll have to check out Dorrance's thread too, I heard he created a pretty detailed guide to HUM.

Short announcement: After a while, I've decided to bring my HUM egg lotto compilation thread back!

I have updated the OP with my active ongoing lotteries!
Make sure to go enter ?

Stanley - March 12, 2023, 11:01 pm

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

It seems that the second season of the HUM game will be starting soon, and it's possible that some modifications will be introduced, which could add a new dimension to the game. Maybe then you might wanted to come back and play the game again.
