Thread: [Duolingo Plus 1 Year | \\$10 PayPal/BTC/ETH](#)

Legitimately - June 9, 2020, 2:34 pm

Hi guys,

Recently I've acquired a way to get Duolingo Plus for a very low price and will be willing to provide you guys of a very cheap service. This is NOT a blackhat method for those who are wondering. I would never involve myself in anything that could get me in trouble.

Price will be \$10 for an account, or using your current account. I can sign in for you if you wish instead of me creating an account using a random email for you.

If anything happens during the year of your subscription, I will help you re-enable the subscription however, I have never had any issues.

You can contact me via PM or via Discord @ Innoczn#6946.

BTC/ETH preferred but I will accept PayPal from trusted users or from those I deem trustworthy.

I'll take \$5 from the first five people that are interested in this service.

He upgraded my account and I learned 35 languages in under 15 hours.

Kidding. But, OP did upgrade my account and I am very pleased! Duolingo is great for passing your classes and only takes 10 min a day
