Thread: [Looking for reputable members to read my ebook](#)

Perileos - June 11, 2020, 2:04 pm

Hello there,

I'm looking for a couple members to read my ebook and provide feedback/constructive criticism. Right now it's just one chapter.

In the future I would like to send you the full method for a vouch copy, if I liked your feedback!

Please DM me.

You need to give some more info as in the topic/what it is about. You would get more interest and people who are knowledgeable about the topic could provide more valuable information about it.

I could do a review of your eBook.

I may not seem reputable but I once was the #8 member rep-wise and I have created & sold plenty of eBooks :')

I am interested. Let me know if you still need someone.

Just a word of warning, don't send to people that have been selling ebooks or offering mentoring in that domain. Chance of your stuff getting leaked is 99% if it's any good.

Thanks, what I wrote right now is just a small start and not of much use to many people. (Hopefully)
