Thread: [Looking for an extremely in depth review of my Ebook](#)

Tesla - June 11, 2020, 11:50 pm

Most people that ask for vouches just write a few bullshit sentences so they can get their free stuff. This is a very legit method and ebook on ewhoring and I am looking for someone to put in a detailed review on this. Let me know if you can do this, looking for extremely HQ members only

Ask [flavoral](#) or [Pronouncer](#) about this

Flavoral has the review service and i saw both did amazing reviews in the past hope this will help for you

If you'd like, I'd be willing to write one. I'll gladly look over it completely and write you an actual well-written and lengthy review.

Do you have any examples of previously written vouch reviews?

I am probably not a very HQ member, but i do have my own experience with E whoring in its many forms. I do run my own [BRAND NAME REMOVED] Adds service along with a few other services, and I understand the frustration that comes with a bad review/vouch. I don't even have a history of reviews but I can assure you that I can provide a very indepth review of your product, should you deem I'm capable of it. Thanks :)

Thanks for looping me mate.

Sadly I'm kinda busy till the 18th. If OP still want me to review his ebook by then, then i will look into it.
