Angela White - June 12, 2020, 8:18 pm

STILL WORKING MARCH 2021

Do you want some good, unsaturated information on how to keep your [BRAND NAME REMOVED] accounts active longer while receiving up to quadruple your normal traffic?

I have a ton of experience with [BRAND NAME REMOVED], and even sell my own [BRAND NAME REMOVED] bot here. I've been working with the [BRAND NAME REMOVED] API (and [BRAND NAME REMOVED] in general) non-stop for months, so you are getting the most unsaturated, up-to-date information. I want all my clients to have success, so I provide support for all of my packages!

This guide goes over how to safely create accounts, how to avoid getting reported by other [BRAND NAME REMOVED] users, and how to throw off [BRAND NAME REMOVED]'s AI for detecting fake accounts, and how to get up to quadruple the users to add you on Snapchat, Instagram, or whatever platform you are trying to refer them to.

This method contains information that you will have never even thought would impact shadow bans and traffic!

I don't want this method to become saturated, if you buy this guide, PLEASE do not share any of the information found inside!

Posting my review here, got a discounted first copy from OP and I'mma say that most of the stuff here is good knowledge, as someone who deals with [BRAND NAME REMOVED] traffic on a daily basis it can very well be erratic and the bans may seem sporadic. The info provided can be found

out without this guide via trial and error, but that would also mean wasting a ton of money on SIMS and phone numbers. At 15\$, it is well worth the price. Definitely isn't some voodoo bullshit because I have through my own testing found out quite a few of these loopholes.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
