Thread: [Stop investing in bullshit ebooks and join me.](#)

Vanlerset28 - June 13, 2020, 1:14 am

I see a lot of guys buy ebooks and methods to make money online here, i know the struggle i recently discovered by my own a method to make crazy cash, i'm up by \$ 10,000 this 2 months

So my offer is not to sell you the method directly and let you struggle to make your money back like classic other threads, this always result on you wasting your time for something not worth it or maybe not even manage to make your money back, and the ebook sellers making his money mainly out of you lol.

instead i offer you to use the most reputed middleman of your choice to hold the funds for us and release them to me once you've made enough and judge i didn't waste your time

Now this all sounds good but the down part of it is that, it's expensive, so out of reach for a classic HF kid, and i'm only taking 3 persons in total, the number wont increase at any cost so we can all make money from it for a long time

now some infos about it in general

It's greyhat.

It's anonymous, no paypal, no KYC...

It's scalable if you're a well orginized person.

Final price per person is \$2,500

Walther - June 13, 2020, 8:15 pm

So its \$2500 upfront and we can use a middle man? What do you mean by "instead i offer you to pay my efforts directly from your profit"

mudbenson - June 13, 2020, 8:25 pm

does this involve running scams on people

SIM-3323508 - June 13, 2020, 8:28 pm

Why does this sound like the title Stop investing in bullshit ebooks and join me.

Scrutiny - June 14, 2020, 1:02 pm

I don't understand this, you're not selling a method but you're going to do the work for the person, & they can pay you from profits, if you're doing the work that means you're making the profit so in other words you're paying yourself?

??????????**Michael Kors** - June 14, 2020, 1:31 pm

I I could pay you from the profits I make, I'd definitely be interested.

Vanlernel28 - June 15, 2020, 2:39 am

I edited the thread, instructions were not clear so many broke teenagers and indians came to me trying to make a deal out of it thinking i will teach them stuff in exchange for their stupid promises.

This is not supported by UNICEF, have at least the money for what you're trying to buy and then contact me.

I don't mind doing a deal through a middleman of your choice, but not for free promises goddamnit.

i'm doing my best to lower the risk for any potential customer and you're not one of them because this is out of your reach not because it's expensive, so laugh about yourself.

You can assume all you want, thats what we gotta do too since you got no proper proof.

Like, honestly worth it, risk such an amount to someone with such an attitude. I hope people use their brain before using their BTC.

Sterling Malory Archer - June 15, 2020, 2:54 am

I hope it doesn't involve hitting Nyan on BaB.

Jokes apart, maybe you could also post pictures of your transactions along with what the method is about (or isn't).

Yup. \$2500 is quite some amount to spend when people here can spam anyone for their \$5/day autopilot method ?

Well the Ebook costs \$2500 ?

so any rich person who have enough to spend \$2500 ? on some ebooks to be more rich?

then spend the earnings from ebook to be more more rich.

IF someone have \$2500 then he must not be poor . they will not be interested buying your ebook. ? Money making ebooks are for those people, who don't earn much or dont earn at all or they don't want to work hard and be rich overnight/in a shortcut way.

And screenshot can be faked. There is no proof they will earn money from your method. so kindly use your ebook yourself make money, and those who want to buy your ebook , pay them 0.6 BTC in exchange of \$2500 ebook ?

You didn't told how much work they have to do per day (in hours) for how long to earn 0.6BTC. Also there is no guarantee that they will earn. so will you provide 0.6 BTC if they will be unsuccessful in earning that much? cheers?

Any respectable vouches that your methods/techniques work? What I see is a guy just opened a HF account to make a quick few bucks with a few screenshots.

Interested to hear from you.

This. The whole thing doesn't logically add up.

I read it again, but I still fail to understand. You say that you are not going to sell the method directly, like other e-books because you don't want people to waste their time. Ok, sure but if you are not selling the method, and your client doesn't know how the money are being made (because you don't disclose him the method), then how does this work ? He pays you money so that he later receives money ? This is what it doesn't add up.

And btw, I am not intending to sales trash, but I genuinely believe that you do not explain well what you are offering here. And if I and some other people here don't understand, then its probable that many more people fail to understand as well. Bottom line ? If this is legit, you are losing money because if your description.
