Thread: [\[\\$10 to \\$500 / day | FREE\] THE ULTIMATE PAXFUL GUIDE - MY FIRST FREE GUIDE!](#)

oroora66 - June 15, 2020, 3:13 am

Many here probably already know about Paxful and how it works, but i made this guide anyway.

These are 21 pages about pretty much all i know about making money on this site, it's pretty simple, but very country-limited.

If you are from US or Canada, congratulations, you'll make bank with this guide, probably you can even get up to 1000 a day in some months of practice, but that's just speculation.

I spent about 6 hours making this guide, and an immensive amount of time getting all of these informations and testing them myself.

I could probably sell this, but whatever, at least someone might enjoy it. Remember me when you get rich, lol.

Stay safe out there, much love ?

Does this work worldwide or no?

the steam one is worldwide, the amazon works in most countries, OneVanilla is more of a US-Canada thing, and this latest one is also the most profitable

Do I have to be 18+ years old for this to work?

oroora66 - June 15, 2020, 4:50 pm

It's probably best you do, yes. Even with the steam method, bitskins might ask for your ID and terminate your account once they find out you are a minor.

And paxful too asks for verification, so that would prevent you from doing this, i'm sorry

Me personally, i don't make much because i'm country limited, but some friends of mine in US make a lot more. Some even got to 1k a day some months ago, even tho today it's getting a little bit more competitive, but nothing worrying

Yes! By asking for Cash, receipt and physical cards only, you will ensure that the card is not stolen!

That is a crucial part, thanks for the feedback <3

Monati Melano - June 23, 2020, 8:17 am

I have done this in the past i think maybe 5 years ago. Someone sold an method on the onevanillas cards for around 100\$.

I can tell you at that time i made over \$3.5K within a month or 2. Just by doing it once in a while. But the struggles i had was living in the EU (Netherlands) and using an vps and vpn connection all the time. To do everything. And i did created an website and i needed to make paypal accounts all the times and had allot of struggles with adding the cards etc. But i'm 100% sure this could easily earn you a great amount of money.

slzy555 - June 24, 2020, 2:06 pm

Thanks for this guide my brother, it truly is very detailed. As i am country limited as well, if I only do the steam method, how much do you reckon i could make per day?

SIM-2565092 - June 26, 2020, 11:30 pm

Nicely written guide and the methods seem able to make you a few bucks on the side. Thank you for sharing this, although I can not attempt any of the methods at the moment, I'll surely keep them in mind.

Injun Joe - June 28, 2020, 10:31 am

Solid method. Saved your pdf. Thank you for sharing for free. I will try the steam method some day.

freshcg - June 30, 2020, 9:42 pm

I am brand new and am on the first page of the guide.. ill be honest since im brand new im a little skeptical. I clicked your link to the signup page on paxful, clearly its an invitation link, so I'd assume you get kickback from that. Is that why you made this guide? I think I understand the concept, but what I don't understand is why you would share this without benefit.

Great guide. Many thanks for sharing. ?

Honestly I would have loved to try it out, but on Paxful you have to submit an ID for verification purposes. I'm so not comfortable in doing that.

And I guess you wouldn't make it very far with a photoshopped ID either, although maybe it depends on the quality of the work. I suck at photoshop so I'm not even trying.

And yes, it's very country limited: US people have it much easier than EU guys.

Edit #1: Does anyone know how to bypass the SMS verification on Paxful? I tried free online services but it didn't work.

If anyone can provide SMS verification, please hook me up. Thanks.
