Wespa's Review.

I have received a vouch copy from OP, and this is my honest review on his method.

Please keep in mind that I hate poorly written ebooks and methods. I do not lie on my reviews.

Appeal:

The eBook has been written in a clear and concise way which is easy to follow and read. As I was reading it, I did not get lost or bored at any single time. OP has clearly put time and effort into the appeal of his methods.

Methods:

The methods that OP provides are great. All of the methods provided vary a lot, so if you don't feel like doing one of them. One of the other ones will get the job done for you. On top of that, I personally tried one of the methods that are provided in the eBook and I managed to make a decent bit of money in my first 15 minutes.

I have never had anything like this happen while testing out a vouch copy.

Is the method worth the money:

The methods that OP provide don't need any dedication or time. The maximum amount of time you will be spending on one method is anything from 15-30 minutes. After that you will start getting your money back. So in my point of view, the investment is extremely worth it.

TLDR

The methods that OP provide are great and will make you money.

Should you buy this?

Yes. 100% if you want to make a good amount of money. (Jun 15, 2020 03:56 PM)Wespa Wrote: [\[CITE\]](#) My income within 15 minutes of using one of the methods.

I was granted permission to receive a vouch copy of this method by [HackOnTheGo](#). The method itself is described in great detail and he even included images to go along with the step-by-step process. I personally had zero experience before giving this a good read and after 20 minutes of going through the steps laid out I was able to get everything into place.

Method is easy to understand and follow, I'd still recommend reading through it a few times just to verify you understand the contents completely. I'll be returning when you release an update or changes to keep myself on pace. Good luck with future sales! (Jun 15, 2020 06:21 PM)Psychedelic. The methods- these methods are very well proven, and do work. You aren't risking anything, gambling, ewhoring, or doing anything that would waste your time. I have personally used one or two of the methods, and I have earned with them. Here is my earnings proof from when I was using the method.

Design- The design is more than just black and white text. It has images, links, and everything you need.

Support/owner- HackOnTheGo is a high quality user and seller. He is online for a while everyday, and was able to give me the support I needed to set up one of the more complicated methods.

Overall, a very good buy and worth it for the price. You will make your money back in no time.

Happeh - June 21, 2020, 10:37 am

I was provided with a vouch copy of the ebook and I want to provide a small review on the methods involved and what it takes to ear a little bit of money.

First of all, all the methods involved require some kind of capital, it could be as low as \$5 but up to as much as you want to put in, obviously smaller amount procures less risk but also fewer profits so have a think about how much you'd want to put in. The methods involved are described well but I would have liked a little less "straight to the point" and just a little bit more hand-holding with screenshots. I'm sure with OP's guidance along with the descriptions most would be fine, but for those a little less adept it might help for a couple of more screenshots. Finally, the grammar and layout of OP's ebook are good, there's a couple of mistakes but nothing that could construe meaning or confuse people.

Good luck with sales and I hope people earn a little bit of extra income in this rough time,
stay safe!

How long did it take you to begin to earn? How much time did you need to spend on it per day? Is luck at all a factor? Can we outsource this? Scale it? Are sales involved? How long do you think this method will last?

It doesn't take very long until you start to earn as the setup is quick and painless. I spend about 45 minutes to an hour per day. You can do more or less. It does scale. You can sell but is not the focus. It will last for a very long time as the need is always there.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
