I'm confused why his thread was even allowed as I was under the impression that discussion of what he was selling was against the rules? On topic though, Sorry you got scammed by him. Hopefully you can earn what you lost back.

Another DD.....extreme caution when dealing with Hermes, if dealing at all. You've been warned. Sorry for your loss OP, lets await a response. Cant wait to read it.

Deal with caution most of everything he sells is useless and pathetic public methods. He is selling a ebook thats 1-2 pages.

Leave it as that.
