Google Domains Services

- All domain name extensions available: .com .net .org.,etc for some special domain like .xyz .io .me .site..., etc price maybe have little higher
- Use your own gmail access to manage at domains.google: full permission control panel, easy change name server, dns record, whois and full information. All domains provide you already have Privacy Protect, totally safe, private for use!
- I provide best quality service, so all domains i provide never die, block or hold, lifetime in use
- Can renew easy by me

Price: All domains can add up to 10 years per domains!

1 domain: 6.5\$(1-4 domains)/1 year (base price is .net .com .org .info)

Example you order 1 domain 10 year, price is 6.5\$ x 10

How we work:

Step 1: Go to DOMAINS.GOOGLE and choose your domains

Step 2: Tell me your orders and send me your GMAIL ID (just your own GMAIL ID, no need password)

Step 3: Login your GMAIL ID and manage your domains at DOMAINS.GOOGLE

Warranty

I provide the same warranty as the time you buy the domain name, for example you buy the domain abc.com for 1 year, I give you 1 year warranty

How can I contact you for bulk? - Pm here or add me in telegram : @Liliths01

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
