I'm pretty interested in this.

Is the hosting included or do I set it up separate?

Can you just set the whole thing up?

Stanley - July 18, 2020, 4:03 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

No, it's very simple. You aren't allowed to vouch without a contract.

Do you just not bother with making contracts?

How am I vouching for my own service? ? The vouches are from other members here on HF. I strictly follow HF rules and ask all my client to open contract and some of them make their own choice.

This is not a discussion thread if you have any question/concern, please PM me.

So how are those members uncontracted members? How do you mean some of them make their own choice? Choice of what? To not use a contract? You aren't allowed to deal with them, even if they don't want to use one.
