TyTheCreator - June 23, 2020, 5:21 pm

Prices are subject to change upon demand as this takes us time to execute for each person... Willing to use Verified Middlemen Disclaimer - Online-Testing Only! | Software will need to be installed on the computer at the time of testing and can be uninstalled afterward*

We also now provide *braindumps backed by actual videos of the test but only if someone has taken the exam within the same week as you. Availability will vary!

Vouch Copy Review

(Jul 6, 2020 06:19 PM)HackOnTheGo Wrote: [\[CITE\]](#) OP gave me a vouch copy review. To clarify, this is a service. OP is highly responsive and very easy to work with. He walks you through the steps to test everything and make sure is working beforehand! Everything went smoothly and I couldn't be happier. GLWS. OP delivers on his promises!! Vouch! Very well worth anyone looking to pass as I just did.

Don't bring up the shit editing, I'm not a video editor I don't have the patience for that shit...

Also, I've been getting a lot of messages about other exams and whether we are able to provide the service for those exams as well... In short Yes, we are able to for most digital exams in theory buttttt the issue falls in the fact that we don't have a lot of techs who are certified in those other exams so we don't feel confident in providing those other certs just yet until our techs grow in size. So with that said, I'd also like to mention that we are looking for techs who have a decent availability and have some cert experience that is outside of our current scope. If this applies to you feel free to contact us to see if we can figure something out. We do pay :)

My DM's are open to any inquiries :D

If you want more info or want the thread design sent to you, feel free to dm me! We are still taking orders but we wanted to slow it down a little bit.

This is done for security purposes and keeping the method working as long as possible since we've already received a lot of interest in the service.

We unfortunately, don't really do Discord due to security reasons. I have messaged you via HF Convos though! Maybe we can figure out a good way to communicate there.

You state "service" in your thread, but is this actually a testing service or an in-detail study guide? Regardless, I am interested and would love to learn more.

*Edit: ahh i see the details of the service in your thread now, missed it earlier. I assume you'd be remoting into our computers as we test online?

Services look great! Working in IT, if anyone wants to get ahead in Interviews, get a certification! Having gotten all the certifications listed in this thread years ago, has personally has expanded my job field enormously, which has also increased my salary. Good luck with sales Ty!

Silent Militant - July 25, 2020, 6:26 pm

Update: Used Ty for a Amazon Certification I needed for school. At the time, Ty didn't offer Amazon but we tried it out anyway. In the end, I passed thanks to Ty!

Great Service!!! Thanks!

That's a good question I need to edit the thread design to make it more accurate, but unfortunately it's \$125 each but since that's my fault I don't mind doing \$125 for both for you :)

Atticus8H0 - February 15, 2021, 1:56 pm

Is this service still available?

Stanley - October 5, 2021, 1:21 am

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
