Need to talk/chat with anyone?

Is getting referrals the main focus?

Paid or free traffic?

Hey man, two things. First you can't use vouches from other forums, they have to be from hackforums with contracted vouches/customers. Make sure to use contracts. And second, the proof sorta gives away the method, so maybe show btc payment proof.

Just thought I would help,

You dont have to refer anyone yourself, no posting anything or talking to anyone.

Scam probably saturated and holding out on crucial details

Wespa - December 24, 2020, 5:07 pm

I can see that this is a chaturbate method

Does this include making a shit load of accounts on tor browser?
