Thread: [Genius method/No time waste/Middleman Accepted](#)

Vanlernel28 - June 23, 2020, 4:08 am

This is a remake of this thread to make it clear :

<https://hackforums.net/showthread.php?tid=6087065>

It's greyhat.

It's anonymous, no paypal, no KYC...

It's very scalable if you're a well organized person

Price discounted to \$1750 BTC

you're allowed to use the middleman of your choice to hold the funds for us and release them to me once you've made enough and judge i didn't waste your time, so don't ask me for VC, i can't and don't want to give one.

3 Slots only, price will go up after the first confirmed buyer

I still don't think this tells us anything, you should probably allow a very highly reputable member to have a vouch copy, then they can vouch for this service. GLWS!

Not everyone has that money to splash on something that might not even make it back, if they did, they probably know how to make money.

Cyam - June 23, 2020, 4:55 am

So you expect us to give you \$1750 BTC based on most vague explanation ever? What the fuck is your problem actually?

Seems to me like you're just trying to earn few thousands, but anyway I'm sure no one is dumb enough to actually fall for it so. :)

You should learn to read first then go solve your fucking deal disputes and then maybe you can comeback and talk shit on my thread

Ladies and gentlemen, if i offer allow you to use a middleman on our deal, it's to avoid shitty transactions like this kid does to his customers selling them his public crap

<https://hackforums.net/contracts.php?action=disputes&uid=483814>

by the time they realized they bought some stupid crap and the only one making money is the seller, they money is gone
he's baiting them with a 'refund' offer which is nothing but a promise
this is not the case on my thread.

Really interesting, haha

I hope it is not ebook with just a single phrase:

"Want to earn \$1750 BTC? Sell ebook with way to earn \$1750 BTC about selling ebook to earn \$1750 BTC".

Just had to put this known joke here, no offense :D

Wish you good luck OP :)

your last thread is about minecraft, why would you bother posting here ?

EnG1ne - June 23, 2020, 7:28 pm

You should offer a trusted member a vouch copy (free or highly discounted) or else nobody is going to take your offer

How time consuming is this? How much can I make per each hour (per day) I do this?

JuiceBoxCereal - July 6, 2020, 12:03 pm

For such a large return on investment, it'd be a good idea to type a little more than that.

SIM-3601851 - July 7, 2020, 9:03 am

I'm confused....you couldn't sell on your last thread so you thought you'd just make a new one and all your problems will go away?
