Thread: [Need help with easy C# task in Visual Studio](#)

Raymond "Red" Reddington - June 23, 2020, 8:29 am

This should be a piece of cake for anyone who knows how to work with Visual Studio.
It's just that I don't have experience with C#.

If you can do this, give me your Skype, Telegram or Discord.

It would be helpful if you could post some information about the task at hand, so we actually know if we're able to do it.
