Does anyone know a website or place to find answers to indeed assessments? A lot of jobs lately have been asking me to take tests.

no there's no place to find answers because a lot of jobs setup their own tests and have you take it. If you do find a place let us know. Or at least let me know. I doubt you will be able to find one. I been looking for a month.

Hey bro, can you send me a sample of one of these tests via pm? A screenshot would do too, doesnt have to be a file. I might be able to help If I know what kinda stuff theyre putting up in these tests.
