I bought 2 accounts from Mystikal and one of the accounts got pulled back a couple weeks after I bought since his email was still on it and he never provided me with code to change the email on that account. It was on his personal email, and he doesn't message me back on Discord/Site either.

Probably just being vengeful coz of the neg rep. Hope he maintains the professionalism and replaces the account for you.

P.S. the forum hung up on me for some reason and same thing got posted multiple times so had to delete em.

That's why you gotta buy off someone trust worthy. I made the same mistake once and bought an expensive account. A few months later they got the account back.

If you need Csgo accounts, message Division. Most trust worthy guy with cheap accounts :)
