Can confirm this service is worth it. Received my S+ from him today. Its important to note, i had already studied for this exam and i do not recommend anyone that doesnt know anything about the subject purchase this service. I would highly recommend as a service for someone who already knows the material and wants a guaranteed cert.

Review here - I just completed exam with seller and it was a great experience. Passed the AWS exam. I had technical issues because I didn't disable the AV or firewall. He was patient with me until we resolved issue. He scheduled everything between us so it met both of our schedules. Overall, he's a solid guy, gives you honest advice on career track and looks out for your future.

I'll be using his services again. I advise anyone else on the fence about doing this, DO IT NOW! Don't wait and overthink it. A+++ seller. Thanks again bro.

Update 04/02/21: I booked my first exam on 30/01/21 and we failed the exam due to the questions / exam changed on my day apparently it changes every 4 weeks. I happened to book it on the day it changed. I'm lucky to have had a re-take with my voucher (promotion at the time) so we re-scheduled it for today (04/02/21) but SREE had to cancel due to the trainer became unavailable. We have now re-scheduled the exam to take place on the 10/02/21. I'm hoping the 10th is the day we pass the exam. Hopefully come the 10th I will be updating saying I have passed. I still have faith in SREE and I'm just taking what's happened easy mistakes and SREE and his team will pass the exam for me.

So SREE's partner scammed you, and not SREE himself? Or at least, not directly. Shame, been

following this thread for a while and SREE seemed legit. Hope your predicament reaches the resolution you desire. I understand SREE had a COVID emergency when he last went MIA, perhaps another related incident?

Yes, his partner scammed me. I will wait for a resolution I guess. Just furious at how long it's taking.

Dear Sigmaphi, Apologies for the delay in response. You were scammed by Mr Cat, not me . I explained you this before and there is no blood on my hands in your situation . Even though I tried to help you by offering doing the exam for smaller price. Due to some covid related health issues I had to stay away from online as my whole family is fucked with covid19 . I informed the same to some of my close friends in HF. I didn't had time to reply to all 1000+ messages as I am not only doing business from HF but also from many other communities. You should at least have some common sense to think 200\$ nothing compared to my reputation and friendships here.

Since you were posting all this bullshit in my sales thread despite all my existing customers saying that I am legit I am extremely disappointed in you and have deep pain as I wanted to help you

before to get a job .

I have decided that I will not do any exams for you in future or now for you bad manners.

You are not the only one with pending exams, I have few others who paid me and waited for me and I completed their exam as I am back in business now. Anyone else have any issues please message me on discord.

On a second thought I have decided to give you 200\$ for free since fucking Mr.Cat scammed you in my name.

I thanks all my friends and customers who supported me in my absence .

Apart from this issue, I am perfectly alright now and available for new certifications.

sigmaphi - May 25, 2021, 12:57 pm

My behavior?

Are you kidding me dude?

I was begging you

Should I start showing screenshot of our msgs on discord of how you were not responding?

I was pleading and begging you left me in the dark!

How can you say am I trashing you thread?

You do not answer on discord where do you think I will come to next?

I never said you scammed me. Your partner scammed, and you said you will take care of it only to keep ignoring me on discord!

Please do not tell me am rude! Am the one who lost money

Please do not go there with me that I have bad manners.

If you were in my shoes am sure you will not be calling me a person with bad manners.

You were ignoring me on discord, but I see people posting here, and you are responding

You promised me in April yet what month are we in?

I even asked people to beg you for me

Do not let me share screenshot of you ignoring me while you were always online

Now you're telling me you will not do the exam

Fine no problem

Do not blame you

Good luck with your sales

But you fucked up by ghosting me on discord but coming here to post a long response

200\$ might seem nothing to people like you, but I wrote you telling you i had just lost my job due to COVID-19 and I need the exam

So please if you were really considerate like you promised to help me do the exam.

Not come here to brag! You talk different on discord and talk different here.

Point out where I was rude to you? Funny how you did not state I was pleading and begging you

Also thank you for giving me bad rep when i did nothing to you

my word is final, I will not help you as you were not patient and defame my name by posting bullshit here .

Good luck with your life.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
