Thanks to [SIM-4765834](#) for allowing me to review the method.

- + Seller is fast and I got the .txt file through Telegram.
- + The method is straightforward and easy.
- + Fast TAT for any queries.

If you are a long-time vendor/seller who deals with PayPal payments, you might already know this

but this is bang-for-the-buck for new sellers who are looking forward to deal in PayPal along with other payment services or for the seasoned ones who want extra layer of security for their funds.

This method shall make sure that you always have the upper-hand while dealing with fraudulent charge-backs that are fairly common.

Just Recieved A vouch copy

This is a good guide for beginners, if you are an expert you will probably know this already. But you can't go wrong with \$10. Amazing for the price 10/10 recommend

Includes a good way to win paypal CBs. Very clever way <3

Vouch from me :)

**TrueFalseKing** - June 30, 2020, 7:13 am

I'd take a vouch copy if you're still giving.

**Big E** - June 30, 2020, 7:14 am

I'd also like to take one of the vouch copies, if you're still offering them.

I've literally a customer open a chargeback on me yesterday.

I'd love a review of this, and I can even post the results of putting it to the test with a chargeback ready to go.

Many thanks, look forward to hearing back!

I received a vouch copy from OP. The price he is offering the method for is nothing compared to what you will save winning those PayPal chargebacks! Seller comes up with a very creative twist that anyone can do, that will convince PayPal without a second thought that you should be the one winning the dispute. Vouch for this.

**deluxe** - June 30, 2020, 7:57 am

Just recieved my copy of the method.  
Overall i would give it 4/5.

The grammar was really good, and the method itself was very easy to understand and follow. The method is explained very well and it would be impossible to not understand it.  
Big thanks and will be using this later.

Big thanks, vouch copies still available.

Received a vouch copy

As a digital product seller myself, i had a lot of chargebacks and the buyer could win the chargebacks very easily. This ebook gives a method to increase the chance of you winning the chargebacks pretty significantly. I would rate this a 8/10

Pretty solid ebook in my opinion

I received a vouch copy of this, the user is kind and has good support, he responds quickly, if you are new to paypal, this will help you with possible chargerback, it is a good way to show paypal and win disputes, for the price, I recommend it!
