Thread: [Any Clash Royale players out there?](#)

Makaveli The Don - June 30, 2020, 5:59 am

So I'm interested in knowing if any of you guys play the game? And if so, how long, what rank are you in ladder and what decks have you been running lately?

Sam Winchester - June 30, 2020, 6:15 am

I play CR from time to time. Peaked at 6000 trophies, haven't spent a dime on the game. I have maxed a golem deck but now I'm trying to learn x-bow.

X-bow is the most toxic deck out there lmao. I'm stuck in Challenger 3 and I can't reach Master to save my life. I've started playing Hog 2.6 now, and I think it's gonna be my main deck for a while.

I used to play it , it was decent , nothing too amazing

Understood , I quit long ago though

I used to play when it first came out and will check in every now and then. I'm proud to say that I have the majority of holiday event items around my base.

Smexy - July 1, 2020, 2:48 pm

Okay, so me and my friendgroup is really into CR for like a year now.

I am personally 5000 trophies, and I run a deck which I don't know how to call, but I will name them in the spoiler.

I barely play solo mostly 2vs2 :)

There is no base in CR. Maybe you are talking about CoC?

DM me. I'm interested to play with someone from HF. Hog 2.6 is my main play now and I like 2v2 but I'm really trying to hit 5000 but the algorithm keeps fucking me up near the end.

Me too, the only thing I'm not sure about is whether or not there are different servers for EU/USA

Nah, once you invite your friend in the lobby, wherever he's from, you can play without any issue.

Crypticus - July 2, 2020, 3:11 am

Yeah I've been playing supercell games since the release haha, I'm an addict of Clash of Clans reached around Titan and Clash Royale reached around 6000 trophies.

Artisan - August 1, 2021, 1:02 pm

I play the game. You already know my deck. Didn't change a single card and beat you 7-2. ?

We should play again sometime.

SIM-5057944 - August 1, 2021, 5:46 pm

I have been playing this game for over a year now , still love it!

jecoylecroy - August 1, 2021, 9:48 pm

Yes, my trophy is 4400, my current favorite in mega knight but before it was the golem and giant skeleton.

Vitani's Mate - August 1, 2021, 9:50 pm

Used to play it but deleted it because the game kept kicking me.

It annoyed the shit out of me because if I was in a game and I was just fucking someone up and the game kicks me. I just fucking loose because they come back and fuck up my 2 towers and my kings tower.

I think I had somewhere between 3000 to 4000 trophies. lol

TB12 - August 2, 2021, 11:01 am

Man I use to play the crap outta that

I have been playing for well over 6 years. I'm about to crack 5000 wins. I am the CLONE GOD!

DemonAsylum - October 1, 2024, 3:50 pm

This is the mobile game yeah? I've still just never played it. I'm not a big mobile games person tbf, but I know how popular this game is and so am sort of surprised I've never just checked it out at least. I don't even think I've looked up gameplay honestly lol.
