Thread: [Cool custom user titles](#)

7 - July 1, 2020, 12:46 pm

Hi Guys,

Just came across this and decided to share with everyone as I think they are pretty cool.
Basically <https://nickfinder.com/> generates cool usernames but actually I think they look better as custom user titles.

Here are a few that I found that I thought were pretty cool

???Pro???

DarK?LEGEND?

??J?O?K?E?R???

???H?A?C?K?E?R????

??D??????

???LÙç?????

Anyway share your fav ones! There are too many to mention all

If I was OP I'd have got one for myself and then kept it a secret. Although fair play to OP for not trying to sell this in the marketplace.

Haha imagine. I don't think anyone would have paid for it though.

I wouldn't think people would pay \$25 for an e-book that claims it makes thousands a month on auto-pilot but people still buy them. It would surprise you

Yeah that's kinda why I shared it, many others would of charged. I think it's decorative and if people want it then great... Makes me happier that way

A high quality member here indeed. Would rather share something public than create a marketing scheme for some quick profit.
