Thread: [Why do people hate the last of us 2](#)

I dont get the hate for the last of us 2.I think the game a had a great suspenseful storyline with twists and turns.

I think the fact that they make you hate Abby in the beginning,and then let you play as her to let you warm up to her as you learn her story

makes for an interesting plot.At the end you end up feeling sorry for Abby and dont really want to kill her.The creators clearly wanted to teach players that revenge sometimes isnt necessary.

Bruh. You ain't serious. The story. Trying to push these feminist ideologies. And the expectation was high for that game.

Imagine you play an entire game growing to love the main character, the character you play as.

Now imagine the next game comes out, it starts fine, but when you hit the half way point, so new butch lesbian kills that main character you genuinely cared for, because you understood.

That's why Lou2 was trash

RIP

The problem of the game is the same that is affecting the entire entertainment industry. Nobody cares about telling good stories anymore, the only thing they care about is selling ideologies that, far from favoring anyone, produce more hatred and separate people.
