Just received my vouch copy from the OP & immediately bought 4 more codes after. OP delivered all codes really fast & all the codes worked :)

You can only do 5 codes per order, but you can open a new private tab and do a second order no problem. I just told them I was picking up two orders.

The pizza hut employees are a little dumb and confused as to why you don't have to pay for the order, but I just tell them I won some coupons through a promotion online.

I highly recommend picking yourself up 10-20 codes... you'll never know when you need them and you can order from your phone.

This, mixed with some chic-fil-aye coupons from another seller and you'll never go hungry!

Are we able to have these delivered? I'd love to pick up the vouch copy if so.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
