Don't mention toes please. My big toe is still hurt from when I hit the coffee table this morning.

My pinky though is jealous, as I haven't slammed her in a while, yes it's a her. And my other toes are basically ignored as much as any toe is spoken about that isn't the big or the pinky one.

All jokes aside, who else won the ? It's amazing!

You can't give the egg away in a Lottery, so losing it doesn't seem to make sense.

Let's see what we get for the egg in the end. It would have been much easier and great if we could just get to keep the award.

Btw, [CyberStudio](#) you might want to try giving your efforts on the Lunge for 10K bytes.

[flavoral](#) I also noticed the reason just changed from Hackuman to Happy 4th July.

We have a change of mind in the back end or maybe [\\$neaky](#) just paid to get the egg.
