Thread: [Lil Wayne Greatest Rapper ALIVE](#)

Dads Boyfriend - July 8, 2020, 1:08 am

dont @ me. guy has proven time and time again to be the best rapper in the game and has been for years. before someone says drake wayne taught drake everything he knows.

Clearly this is troll, to say he's the the best alive.

But wayne definitely gets a lot of hate and has more and more over the years, but he's definitely one of the goats. (especially his old stuff). I wouldn't ever say the greatest alive though. But then again, idk who to classify as the best alive because all modern rap sucks.

Quick love for that one and I'm not expecting it back. You said it.

He's a good rapper, but the best? No way. I think it's hard to choose a best rapper that's alive, but Em is definitely up there

The amount of tracks he is just featured on is insane not to mention his own hits. highly doubt if he not number 1 he is very close to the top of features on a albums all time. you can listen to a track, example faded by tyga and song ok and when lil wayne raps his verses takes the song to another level.

Lil Wayne, Weezy F Baby, Tunechi will always be a legend, a goat. His older 2000s music and mixtapes go off. I dont really fuck with his new albums tho, lowkey 90% of them trash

Stepdad - July 8, 2020, 6:14 pm

Interesting name. Weezy is good but not the GOAT.

Yin Yang - July 8, 2020, 6:21 pm
