Thread: [Almost at 60,000,000 HF posts...](#)

Xerotic - July 9, 2020, 10:14 am

Back in February I started tracking HF post rate and I figured that sometime in July we would hit 60million HF posts. Well... we're almost there. We are at 59,976,797 which means at our current rate of posting we should hit our mark in 5-6 days.

Let's try to beat that and do it in 3-4. ?

Yin Yang - July 9, 2020, 10:16 am

Sounds like a plan- let's do it, boys

Megatron - July 9, 2020, 10:18 am

Jeez, that's a hell of a lotta posts. That's pretty awesome, though, even if I'm just barely fighting for 1% of that.

123 - July 9, 2020, 10:18 am

I'm in for it. Lets do this boys.

Xerotic you looking too sexy in that Avatar.

Vibe - July 9, 2020, 10:18 am

It's crazy I check the stats once a week the increases are mind blowing!

Lmao half the quick loves are from the last month

And 40k of it the last day

Stepdad - July 9, 2020, 10:20 am

I have a feeling, because of this thread, we'll do it in 2-3.

I just LOVED this kind of statistics, users, login time, eggs, posts etc

Hope someone will reply and give us the goods??

(Jul 9, 2020 10:14 AM)Xerotic Wrote: [\[CITE\]](#) Back in February I started tracking HF post rate and I figured that sometime in July we would hit 60million HF posts. Well... we're almost there. We are at 59,976,797 which means at our current rate of posting we should hit our mark in 5-6 days.

Let's try to beat that and do it in 3-4. ?

Thats an incredible amount of posts. Something the whole forum should be proud of!
