Thread: [Where to buy amazon EU giftcards or buy4you amazon services](#)

SecretAchiever101 - July 10, 2020, 9:36 am

Do you happen to know any site that does that OR any site to buy amazon EU giftcards for 65% and less?

If so please pm me.

The market seems very scarce for amazon in the EU, especially for any good rates.

Paxful is full of unfortunate carders who are in Nigeria.

Paxful is the only one I can recommend. I buy giftcards there a lot and I have never gotten scammed.

Man screw 65% I'd buy them at 85% if there was someone selling but I can't find anything aside from paxful

Yeah mate agree on that, I would gladly pull out 85% on legit EU giftcards.

Be extra careful since you're looking for 65%, this only attracts bad/dirty cards, and Amazon got much stricter than ever before. Anything suspicious, they just close the account. If you ask me, I will never recommend a place like Paxful. You get good or dirty cards, Chances 50/50.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
