Thread: [Question about moms friend](#)

hayesh - July 10, 2020, 1:49 pm

So my mom is good friends with her neighbor, they talk all the time and even exercise together. Now she has a very large rear end, and one night I was at my mom's place and I saw her outside on her front step and I couldn't resist approaching her. So I go up to her and I say hey "how are you". She says she's fine and then I say I've known you for quite some time and we never really talked and then I asked to come inside. She says ok. We go in, I sat down and then she sits down across from me and I asked her if she was single and she says she's seeing someone but this didn't deter me. I then asked her to sit next to me and she did but she said it didn't matter because nothing's gonna happen anyway. At this point I was still adamant. I rubbed her thigh and she lifted my hand and tapped my wrist but not with much force. And then she makes up some excuse saying she had to do something for a neighbor so I got up and left. Now it's been 2 months after the incident, she's seen me and said hello a few times and apparently she never told my mom anything. I would have known if she'd talked because my mom would definitely troll me. So my question is is the door still open or is it shut.

So you're asking if it's ok to sexually assault your neighbor again?

The answer is no.

Lool that's what I got from it too

hayesh - July 10, 2020, 1:59 pm

This is not sexual assault its escalation. Before people have sex they don't just jump on top of the female, usually there is some sort of touching before that happens if she's not into it she can make that known and then everything stops. There's a difference between me touching her thigh and grabbing her butt. Most, if not all sexual encounters happen without verbal consent. Have you ever turned to a girl and verbally asked her to have sex probably not. Most of the communication surrounding sexual consent is non verbal. When you first had sex did you ask her the words "do you want to have sex?" or did you go by cues and body language?

I like u so I molested u. It's people like you that fuck it up for normal people. You need to learn self control and keep your filthy ass hands to yourself.

I see that now

iRyanOG - July 10, 2020, 3:33 pm

All you can do is try bud. I wouldn't necessarily touch her again but make sexual innuendos and see how she reacts to those and go from there.. If she is single now she might be all for it. Good luck bud.

rsx - July 10, 2020, 3:41 pm

OP she probably honestly thinks you're a creep, and made up a lie to get away from your sorry ass. She probably thinks "oh god here's this weirdo again" every time you say hi to her. The fact that you don't see the clear sexual assault you described in your post is disgusting too.

Zero - July 10, 2020, 3:54 pm

This my friend is called "Sexual Harassment". Don't do that please.

Artisan - July 10, 2020, 4:08 pm

Now I know why you made those threads about grannies. If you ever get arrested for this, please take a selfie and post before you get snagged.

Semmenial - July 10, 2020, 4:12 pm

Sounds like sexual assault to me!

The door is open and it seems she's interested in you. Try and talk to her. How old is this chick? she's playing hard to get.

(Jul 10, 2020 04:12 PM)Semmenial Wrote: [\[CITE\]](#) Sounds like sexual assault to me! how is that sexual assault? He's just flirting with her. OP go for it. ?

?ystem - July 11, 2020, 12:30 am

I would say that considering how she hasn't made much in the way of a "move" towards you that it's safe to say that that ship has sailed. Besides, it's probably for the better, considering how she is good friends with your mom and that would undoubtedly complicate things much further down the line. You weren't intending on being with her for the rest of your life, were you? Because with the answer to that question in mind one can deduce that if and when you cut off the possible intimate relationship, no doubt your mom would hear about it and I guarantee most people wouldn't want to be in that situation with your mom and her friend.

DeITex - July 11, 2020, 12:43 am

Dude, wack af.

"No" means NO. Anything you do or try past that is up to you but can get you in massive trouble in court (so use common sense and leave it).

Next time, if you are looking for "more positive results". Spend a little more time talking to the chick and warming her up to you. Instead of going out to her porch, saying "we don't talk much, can I come in" and sexually advancing on her.

You blew it with this woman. Your only hope with her is to attempt to attract her into making some kind of move on you. Or you could be stupid and try that kind of shit again yourself and risk jail time. Federal law criminalizes sexual assault in such a way that you could serve a maximum of 20 years for it.

Temp_reassign - July 11, 2020, 1:38 am

I like the OP because you're bold. that's how I see it. it's the right quick sexual way to approach a milf. everyone on this thread are mom's little boys n girls or probably just underage. one thing is clear though, she knows what you want. keep being flirty n nice. she either gonna tell you it's complicated or she finna let you smash and keep it on the low.

Beherit - July 11, 2020, 1:41 am

I'd lay off. She could press charges for sexual assault if she wanted.

Joy - July 11, 2020, 4:51 am

As everyone else stated. You should probably stop. She might just be courteous to you and greeting you since she is also your mom's friend.

It's up to you now on how you want to go ahead from here.

Hero - July 11, 2020, 8:11 am

Just be straight up and not sexually assault her dawg. The fuck are you doing.

I think the door is shut.....

ronnypacker - July 11, 2020, 12:30 pm

Why is there so many haters bro? OP don't listen to these haters they never gotten pussy in their life.

Just approach her again and ask or make a move and see how she reacts. If he pulls away then you can stop. No sense to getting a lawsuit.

Tell her that you think she's cute or hot or good looking. If she smiles and laughs at it. She's into you.

Good luck bro!

A + - July 11, 2020, 5:12 pm

Forget the sexual assault everyone is talking about, I just think that it's funny you're hitting on one of your mom's friends.

Going into a persons house which you hadn't had a meaningful conversation with before and then expecting she's ok with having sex with you isn't normal.

Normal people would have left after a nice chat and perhaps an invitation to dinner and then what leads from that is natural.

Going to her house and being "adamant" and then stroking her thigh isn't normal. That shifts rapie...
