Thread: [Quick Love Bug on Award Goals Page](#)

SaintJimmy - July 10, 2020, 8:00 pm

Is it just me or anyone else has observed bugs with quick love counter on award goals page? I have noticed that the counter isn't rising at times. I had 56QL's. I got QL'd twice from two different people but the counter went by one to 57 instead of 58. Is this a known issue?
