It'll probably end up being up for sale I guess. Depends on Omniscient. He really pulled a quick one with that giveaway scam. Such a shame. And to think, people wasted time and posts spamming the hell out of that giveaway for warnings and bans.

Similar to IPIKIN's crew Hundies they're still there but I haven't listed it here as it will most likely be removed.

Yeah, but sometimes leaders will drop me with an update and user bar changes are quite easy to track so I don't mind it, it's been going well. Change of ownership and waiting for rebranding is the thing that takes the longest time to update.

I'm confused, is it open as in free you need to apply or is it buy-in? Your thread mentions both :)

I don't believe bending crew recruitment is currently open, since the thread is closed.

[bending](#) ?
