Thread: [Hashtags for Instagram.](#)

Blogger - July 11, 2020, 8:23 am

I feel like I keep recycling my hashtags but I'm finding it difficult to come up with or find new ones. I need beauty related hashtags, which I feel should be easy but it's not! Any suggestions? Looking for hashtags, apps for hashtags, whatever.

Hi,I'm an influencer myself. And basically being mentored by instagram under on of their programs. Basically you dont use all 30 hashtags, use as less and more specific to the content that you're making. Also, you have a better chance of being on the explore page if you use a less used hashtag. I use intags app for the same.You can give that a try.
