You can find more about the anime, here:

It's highly recommended to keep your posts in spoilers, but there is no way to enforce that since this is a discussion thread and anything goes. Don't get upset if you read something and you aren't up-to-date with the current episodes.

As for me, I shall use spoiler codes for the first three episodes. After that, I will not use the spoiler code anymore.

I won't be watching this just yet, as I haven't even watched Sword Art Online: Alicization and I know I am so far behind, but I haven't had too much interest in the SAO franchise. I'm curious to know from those who are following the series, is it as enjoyable as the original? Of course, I'm going to get those memers "SAO" sucks, yes it's overrated by the mainstream people that bandwagon it, but as a beginner anime I think it's good for those interested in getting into anime.

Anyways, this thread is for those who are watching the second season of Alicization - War of Underworld.

SAO has always been entertaining to me, despite how other perceive this anime as. I'll definitely be watching this.
