On the pizza hut website it looks like the only personal size pan pizza that I can select is \$7.49. Is this the same pizza that these codes work for?

Is there a minimum for delivery from Pizza Hut? Or can I just order the personal pizza?

No minimum, you'll be responsible for delivery fee of course :)

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for

each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
