Thread: [BYEPASS WD | CRYPT FILE | MANUAL CRYPTING SERVICE](#)

kaa1 - July 12, 2020, 6:37 am

Hello,

I am providing manual crypting service. I am experienced in c/c++, asm,delphi and goland.I've been working on these field more than 8years.

Now i am here to provide you my servie.

I will manually crypt your file with private stub.

I will bypass Window defender, Eset, Avast, Kaspersky, Bitdefender and almost all major avs.

Free refud after you purchase my service. I can crypt any rat,bots,etc

Cost per file crypt -> 30\$

cost for 1 month crypt -> 150\$

cost for 3 month crypt -> 300\$

If you want to buy start a chat with me in convo -> <https://hackforums.net/convo.php?action=user&uid=4777851>

[contract=tid]Start Contract[/contract]
