Thread: [Could someone read over my creative writing piece quickly?](#)

This is a creative response on the novella "The Metamorphosis" by Franz Kafka. I'm focusing on analyzing the theme of sympathy in the book. I have gone through many drafts, but I am looking for some more opinion on it. A quick read through with any comments or edits would be much appreciated.

Side note: I need a title for my response, if anyone could help me come up with a creative title that has an analytical approach it would be much appreciated.

Very nice story man, for the title I would probably name it "Grief of Gregor"

It's a very sympathetic story and shows a great amount of empathy and concern for their brother.

Thank you, that title definitely is interesting and I will consider it. Do you have any ideas for a title that perhaps play on Grete's sympathy?
