Thread: [\[E-WHORING\] How to do e-whoring with a real girl as a "partner"?](#)

Damian.U - July 15, 2020, 9:04 pm

Hey guys!

I am actually living in Argentina. And in this country there are a lot of ewhoring girls.

I think I could do something (not just sex) with those who don't know about ewhoring but want to do it. And that we both earn money with only fans or something similar.

My idea is to be something like a pimp of ewhoring haha ?

But there are many options and I don't know where to start. I don't even know what is the ideal win / win.

I think this could help any of us ?

I read any opinion or suggestion from you :)

Create an onlyfans in her name, you could just promote her on twitter/instagram/whatever, and set up customer photo orders for her. If you have a good looking chick then you will get more than enough traffic to your page.

You need to be able to provide her with something that she can't do herself.

Any girl can open up Onlyfans by herself and collect all the profits.

You need to become creative, offer her something she herself can't do, that's how you'll partner up.

Do you think I can do that?

If so, where could I sell it?

If someone could help me to market it, much better!
