Thread: [Old School RuneScape Questing Services](#)

Tornbicep - July 16, 2020, 3:02 am

Frequently Asked Questions:

- We are offering both seperate quests and quest packages.
- We are also offering the ability to train your account from scratch till it meets the requirements necessary to do the quest and afterwards we'll complete it.
- We are not responsible for the financial needs the account requires (There should always be some cash on the account incase we need to buy supplies/items to quest or train up the account).
- Why is without overheads so much more expensive? Keep in mind that we'll most likely use a secondary alternative account to tank NPCs which needs to be funded aswell.
- Payments for the regular quests should be done prior to starting the quest.
- Payments from scratch can be paid in two seperate sessions (The first payment should be done once the player will start on the account, The second half when the account is half way done).
- Deaths can happen due to disconnections/stacked damage (we'll not take responsibility from this, the fee should be paid by the client).

Every order is professionally hand trained by dedicated power levelers and experienced questers. We have teamed up with reputable and trusted workers who guarantee a fast, effective and friendly service!
