Yamy - August 2, 2020, 4:19 pm

Gonna ignore OPs, because there's a lot of good anime with awesome OPs. Gonna say I love Clannad's OST soundtrack in general. Pretty good if you're a depressed bitch especially (or you wanna be one).

EdoRaijin - August 3, 2020, 6:29 am

I'd definitely have to say Tokyo Ghoul's original opening.

Bluebird from Naruto and I like Sasuke's guitar riff kinda tune

Happeh - August 3, 2020, 4:35 pm

Don't even like Bleach but the first OP is a banger

Tank is good, also like the GTO OP is also GOAT

summit - December 9, 2020, 10:53 pm

If not just talking openings and endings, but rather the actual music during episodes, Code Geass and Death Note are really high on the list.

And Attack on Titan.

Lyrlei - December 10, 2020, 11:06 pm

I still enjoy Monogatari soundtracks, still one of the best even as years pass.
